

The active photocatalytic principle

*Preserving Aesthetics:
Principality of Monaco, France*

Saint John's Court

Product: Glass Reinforced Concrete
Supplier of TX Active®: Italcementi*

For the first time, the use of GRC (glass reinforced concrete) innovative panels, containing the TX Active® photocatalytic principle, has been tested during the restoration of a seafront residential building.

* In Italy, Italcementi is the leading cement manufacturer with a market share of about 30%. Italcementi boasts approximately 5,000 employees with 18 all-integrated plants and 10 grinding centers. Italcementi is also active in the ready-mixed concrete and admixtures industries, with Calcestruzzi and Axim Italia respectively, as well as in the field of research applied to industrial plant design, engineering and technology through CTG, the Group's Technical Center.
